FREQUENTLY ASKED QUESTIONS

Why wouldn't I just find my own finance?

Answer: Finding finance for our products can be difficult and time consuming. That is why we teamed up with Centrepoint Finance who can quickly assess a finance proposal and provide a suitable financial solution.

Would it be better to utilise my own bank?

Answer: Centrepoint Finance recommends that you should not finance your equipment as part of your core banking facilities. Banks will normally require security for this type of equipment, which may affect you in obtaining an increase in facilities to cover working capital requirements.

Why use Centrepoint Finance instead of other providers?

Answer: Centrepoint Finance knows there is more to just providing finance, it requires innovative financial solutions that are suited to your specific requirements. They have the experience and expertise in working with a broad range of businesses and industries, and can provide you with access to multiple financiers and products. This provides more options than dealing with one financier.

Does Wentworth Care benefit financially if we use Centrepoint Finance?

Answer: This relationship has been established to help our clients locate finance for our products and we receive no financial remuneration or other benefits from Centrepoint Finance for the referral.
